Expose of Agends 21

I am pleased to announce Dr. Michael Coffman will be speaking about "Sustainable Development" aka Agenda 21 as it relates to property rights, comprehensive planning, etc. The presentation will be at City Hall in Ellsworth on January 29th beginning at 6pm, hosted by Tea Party Patriots Acadia. The presentation is free however donations will be accepted to help Dr. Coffman with his expenses to come to us. He has spoken at hundreds of venues, written four books and this month is speaking to the NH legislature. Please consider coming to this event to educate yourself to this UN Agenda which threatens us all. Dr. Coffmans bio

Dr. Michael S. Coffman received his BS in Forestry and MS in Biology at Northern Arizona University at Flagstaff, Arizona and his Ph.D. in Forest Science at the University of Idaho at Moscow in 1966, 1967, and 1970 respectively. Since then he has become a respected scientist and ecologist who has been involved in ecosystem research for over twenty-five years in both academia and industry. He taught courses and conducted research in forest ecology and forest community dynamics for ten years at Michigan Technological University, a leading forestry school in the Midwest.

Until 1992 Dr. Coffman was a manager for Champion International, a leading forest and paper products company in the United States. In this, and other related responsibilities, he was responsible for millions of dollars of research on global warming and became intimately involved in such national and international issues. During this time he was a spokesperson for the Paper Industry for the media.

Dr. Coffman is currently President of Environmental Perspectives, Inc. (EPI). He provides professional guidance and training in defining environmental problems and conflicts, and developing solutions to specific issues as well as the hidden dangers of international treaties and agreements that threaten our Constitutional protections, especially property rights. He played a key role in stopping the ratification of the Convention on Biological Diversity (Biodiversity Treaty) in the U.S. Senate one hour before the ratification vote. He has written four books exposing the environmentalist phenomenon. He has also produced numerous videos, the most recent of are two in which numerous scientists explain why global warming cannot be caused by man.
